

ADDRESSING UNMET CLINICAL NEED THROUGH INNOVATION

www.mimit.org.uk

MIMIT™ - A success story !

MIMIT™'s early support of a project has resulted in the formation of a spin-out company - Gelexir Healthcare Ltd, which is introducing a novel, non-surgical procedure for the treatment of Chronic Lower Back Pain caused by Degenerative Disc Disease.

Gelexir Healthcare, has developed a novel approach which addresses DDD at an early stage before the onset of irreversible disc degeneration of both the nucleus pulposus and annulus fibrosis material.

- Novel microgel and testing models developed
- Funding leveraged £215k (EPSRC)
- PhD studentship
- Patent protected
- UMIP PoP awarded
- Numerous high impact publications
- Commercial Spin-out Company formed
