

**Ioannis D. Moscholios** was born in Athens, Greece, in 1976. He received the Dipl.-Eng. degree in Electrical & Computer Engineering from the University of Patras, Patras, Greece, in 1999, the M.Sc. degree in Spacecraft Technology & Satellite Communications from the University College London (UCL), London, UK, in 2000 and the Ph.D. degree in Electrical & Computer Engineering from the University of Patras, Greece, in 2005. From 2005 to 2009 he was a Research Associate at the Wire Communications Laboratory, Department of Electrical & Computer Engineering, University of Patras, Greece.

During the same period he was in the Core Network Planning Group of Vodafone Greece. From 2009 to 2013, he was a Lecturer in the Department of Telecommunications Science and Technology, University of Peloponnese, Tripolis, Greece. Currently, he is an Assistant Professor in the Department of Informatics & Telecommunications, University of Peloponnese, Tripolis, Greece. His research interests include simulation and performance analysis of communication networks, queueing theory, while his main interest is on teletraffic engineering where he has published more than 120 papers in international journals and conferences. He has served as a Guest Editor in: a) IET Communications, b) IET Networks and c) Mobile Information Systems. He has also served as an Associate Editor in IEICE Transactions on Communications. He is a member of the Technical Chamber of Greece (TEE).

#### **IARIA Activities**

Dr. Moscholios serves on the Editorial board of the International Journal on Advances in Telecommunications. He is/was also a TPC member of the: a) Advanced Int. Conf. on Telecommunications (AICT) (2009-2017), b) Int. Conf. on Internet Monitoring and Protection (ICIMP) (2007-2009), c) Int. Conf. on Internet Surveillance and Protection (ICISP) (2006), d) Int. Conf. on Digital Communications (ICDT) (2013-2017) and e) Int. Symposium on Advances in Software Defined Networking and Network Functions Virtualization (SOFTNETWORKING) (2017). He has also served as a chairman in IARIA conferences and as a reviewer for numerous IARIA conference/journal papers.

Dr. Moscholios has published two journal papers in the Int. Journal on Advances in Telecommunications and two journal papers in the Int. Journal on Advances in Networks and Services. In addition, he has published six conference papers in Advanced Int. Conf. on Telecommunications (AICT) (three of them have received a best paper award), four conference papers in the Int. Conf. on Emerging Network Intelligence (EMERGING) and two tutorials in ICDT and EMERGING.
