

Call for Contributions

1. Inform the Chair: with the title of your contribution

2. Submission URL:

<https://www.iariasubmit.org/conferences/submit/newcontribution.php?event=SENSORCOMM+2024+Special>

Please select Track Preference as **A-IoT**

3. Note: *For 2024, all events will be held in a hybrid mode: on site or virtual choices (live, prerecorded videos, voiced presentation slides, and .pdf slides). We hope for better times allowing us to return to the traditional on site scientific events. However, we are ready to adapt any which way the conditions dictate.*

Special track

A-IoT: Applications of Internet of Things

Chairs

Prof. Dr. El Habib BEN LAHMAR, Laboratory of Information Technology and Modeling Faculty of Sciences Ben M'sik, Hassan II University – Casablanca, Casablanca, Morocco
h.benlahmer@gmail.com

Prof. Dr. Fatima Zahra FAGROUD, Laboratory of Sciences and Technologies of Information and Communication, Faculty of Science, Chouaib Doukkali University, El Jadida, Morocco

along with

SENSORCOMM 2024: The Eighteenth International Conference on Sensor Technologies and Applications

<https://www.iaria.org/conferences2024/SENSORCOMM24.html>

November 03 - 07, 2024 - Nice, France

The Special Track on Applications of Internet of Things (IoT) is dedicated to exploring the transformative potential, latest advancements, challenges, and real-world applications of IoT across various industries, fostering collaboration and knowledge sharing among participants.

This track aims to bring together researchers, industry practitioners, and policy makers to share their latest research, innovations, and practical experiences in implementing IoT solutions. Attendees will gain insights into how IoT is driving advancements and addressing challenges in different domains.

Subtopics for contributions include, but are not limited to:

- IoT-based infrastructure management
- Traffic monitoring and management systems
- Public safety and emergency response systems
- Remote patient monitoring and telehealth
- IoT in medical devices and diagnostics
- Industrial IoT (IIoT) and Manufacturing
- Precision farming and smart irrigation
- Environmental sensors for climate and pollution monitoring
- Livestock monitoring and management
- Intelligent transportation systems (ITS)
- IoT in logistics and supply chain management
- Smart Homes and Buildings
- Smart meters and energy consumption analytics
- Smart shopping solutions and personalized marketing

Contribution Types

- Regular papers [in the proceedings, digital library]
- Short papers (work in progress) [in the proceedings, digital library]
- Posters: two pages [in the proceedings, digital library]
- Posters: slide only [slide-deck posted on www.aria.org]
- Presentations: slide only [slide-deck posted on www.aria.org]
- Demos: two pages [posted on www.aria.org]

Important Datelines

Inform the Chair or Coordinator: As soon as you decide to contribute

Submission: Sep 19, 2024

Notification: Oct 6, 2024

Registration: Oct 16, 2024

Camera ready: Oct 16, 2024

Note: The submission deadline is somewhat flexible, providing arrangements are made ahead of time with the chairs.

Paper Format

- See: <http://www.aria.org/format.html>
- Before submission, please check and comply with the editorial rules:
<http://www.aria.org/editorialrules.html>

Publications

- Extended versions of selected papers will be published in IARIA Journals: <http://www.ariajournals.org>
- Print proceedings will be available via Curran Associates, Inc.: <http://www.proceedings.com/9769.html>
- Articles will be archived in the Open Access ThinkMind Digital Library: <http://www.thinkmind.org>

Paper Submission

<https://www.ariasubmit.org/conferences/submit/newcontribution.php?event=SENSORCOMM+2024+Special>

Please select Track Preference as **A-IoT**

Registration

- Each accepted paper needs at least one full registration, before the camera-ready manuscript can be included in the proceedings.
- Registration fees are available at <http://www.aria.org/registration.html>
