

IARIA Pioneering Free Open Access

Scientific cause:

IARIA is committed to maintaining free and open access to its documents and free publication in its journals.

As access is free and re-posting is permitted, it can be indexed in any index (there are more than 65 indexes)

Note: Reposting requires a complete reference to the original source in terms of IARIA events (acronym, long title, year) and ThinkMind Digital library (paper link, event editors, pp. x-y, ISBN, ISSN)

Please see the indexing procedure: <https://www.iaria.org/indexing.html>

Please also see IARIA materials for indexing procedures short-cut for indexing in Google Scholar, obtaining a DOI, or being listed on DBLP.

Increase your Visibility: Link IARIA ORCID and to your ORCID.

Details:

Registration fees: <http://www.iaria.org/registration.html>

Free Open Access Scientific Cause: https://www.iaria.org/scientific_cause.html

Registered with the *Library of Congress of the United States*: **ISSNs**
